Truckee Lead In League Batting; Beat Placerville

Martin Hits 3 for 5, Puts Out Ten at First To Star

A lot of things can happen in a baseball game and Sunday's game when the Truckee Mountaineers toppled the Placerville Bartletts 12 to 10 proved this to be a fact.

First of all the result itself was an upset since the Bartletts are classified as one of the best teams in the Placer Nevada circuit, occupying third place in the standings, second in hitting and with two sluggers among the first five top batters.

The result should not have been very surprising, however, since the week previous Truckee trimmed the league-leading Lincoln Potters and forced them into a playoff with the Roseville Wolves, which resulted in Lincoln losing 6 to 3 Saturday.

Another result of last Sunday's game was that Harvey Martin went to the top of the individual hitting column and Truckee held the lead in team hittings, no small feat for a team which now only ties Nevada City and Auburn for seventh position. It all adds up, however, that Truckee has a whale of a good ball club and if accepted in next year's schedule in the P.-N. League will make a good accounting of itself.

Both teams exhausted their pitching staffs Sunday, Larry Crockett starting for the locals against Carpender. Crockett was hit five times, walked two and four runs were scored in his 4 2|3 innings. Bill Black was sent in and worked on the mound for one inning, getting hit four times for three runs before he was sent to right field and Karl Kielhofer took over for 4 2|3 frames. He was hit 9 times and walked four and in the ninth Black was called in and took over for the last part of the inning, before the game finally came to a dramatic close with three Bartletts on base and the score 12 to 10.

Mike Korich, Truckee's fighting catcher, was knocked out by a pitched ball which hit him on the side of the head but was out of the game only one inning, during which time Larry Baxter, local pilot, donned the mask and took over back of the plate, despite the fact that a few minutes previously he had been ejected from the field by Umpire Charles Fisher for arguing over a called strike. Korich recuperated quickly and was back at his position in the next inning.

Martin got three for five to cinch the lead in league batting and had 10 put outs on first for the outstanding performance of the game. Frank Giovannoni made two sensational catches in right field, collected two for five at bat and had five put outs for a sweet record.

Truckee runners scored the first run in the initial innings and kept the lead until the fourth when Placerville scored four runs and made the score 7 to 4 going into the fifth. Kielhofer kept the visitors scoreless in the fifth but Truckee whammed out eight hits for eight runs in that sensational period, to soar into the lead which they maintained despite a ninth inning rally by the Bartletts which fell two runs short.

Carpender and Clemensen did pitching honors for the visitors and the latter, a contender for first place in the individual batting column, hit two for four.

As usual, the game was witnessed by a huge crowd of fans—the same crowd which has lent support to the Mountaineers, win or lose, throughout the season.

Boy Drowned In River Mishap

The body of a five year old Burlingame boy, Philip Edwards, son of Mr. and Mrs. Jack R. Edwards, was found lodged on a sand bar in the Truckee River Friday morning by Lloyd Van Sickle, Truckee dog racer and trainer, a mile and a half below where the tot fell into the river Thursday night while watching his father fish.

Van Sickle, alone except for his dog, Pat, kept an all night vigil on the river after more than 50 men, including the Truckee Ski Patrol, spent until midnight searching the area. Wading waist-deep in the icy waters. Van Sickle's efforts were rewarded at about 8 o'clock Friday morning.

Philip disappeared suddenly. He was standing near the river with his father and when the latter turned around, the boy disappeared. After two hours searching by the mother and father, aided by neighbors, word was sent to Truckee for aid. The Ski Patrol, headed by E. E. Boehm and William Curran, joined in the search with other volunteers.

The family had camped near the river about five miles south of here and it was only a hour or so later that the boy was lost.

Coroner Francis West asked the Truckee Ambulance Service to take the body to that city.

Esola took Monday off from his work to secure another car and recuperate from minor injuries and shock.

Captain George Peterkin of the California Highway Patrol at Roseville was an official visitor here Tuesday.

Summit Man Is Killed In Mystery On Tahoe Road

Hit and Run Suspected After Car Is Found On Saturday

Investigation is continuing into the death of Roland Galloway, 35, employed at Soda Springs, whose broken and battered body was found in the Truckee River near the Luhr's home last Saturday.

Constable Harry Johanson of Tahoe City, who was called to investigate, believes the body was catapulted into the river after being struck by a car on the highway as no blood or signs of struggle were visible on the river banks. His clothing had been torn from the body and he was found to have no water in his lungs, indicating death had occurred prior to reaching the stream.

An inquest, conducted by Coroner Francis West of Colfax, also revealed he had suffered broken hips, fractured skull and numerous other injuries.

The highway patrol was called to a spot on the highway half a mile nearer Tahoe City at 2 a.m. Saturday where a car had been abandoned and was partially obstructing traffic. It was badly wrecked and showed signs of having hit the road banks before being stopped.

When the name of the owner proved to be Galloway, it was believed possible he had started walking along the highway following the wrecking of his car and was struck so swiftly by a passing car that he was thrown from the road a distance of some 20 feet down the bank into the river and lay in the water for a period of around 13 hours before he was discovered by Robert Reed, a fisherman from Los Angeles.

Galloway was a respected citizen of the Summit community, being active in civic organizations and the American Legion. His host of friends were deeply grieved and shocked at his untimely death.

Sun Beams

by Walter M. Barrett

With the voters of this district evidencing their desire for better, permanent facilities and institutions through their overwhelming approval of a $750,000 bond issue to provide a new high school, there seems to be little doubt that they will go another step forward on the 30th of this month when they will ballot on a $150,000 bond issue to construct a hospital for the district. Need for a hospital is undeniable. Hundreds of instances have been offered as proof. Lives have probably been lost because of inadequate hospital facilities to care for the ever-increasing number of accident and illness cases from this widely populated district. Under plans proposed by hospital district officials, the district will bear only a third of the cost, the balance coming from state and federal appropriations for needy districts. A tax limit of 20 cents is provided for a hospital district and while this maximum may be maintained for a brief period it is anticipated that within a few years the hospital will be more than self-supporting. State and local officials agree on this in view of extensive studies which have been made. Similar to the school issue, the hospital is not proposed as a dividend paying proposition but is being offered to the voters as a means of providing a long-needed service for a fast growing, progressive district. A two-thirds majority vote is required so everyone is asked to express his or her desire a week from next Tuesday.

Attention Turns To Election For Hospital Bonds

Sample Ballots are Issued For $150,000 Election Set August 30

Sample ballots are being dispatched to voters of the Tahoe Forest Hospital District, calling attention to the election to be held at four precincts in the district Tuesday, August 30, Charles R. Heller, president of the board of directors announced.

The election will determine whether a $150,000 bond issue shall be held to pave the way for construction of a small but modern hospital on a site approved in Gateway Park. Plans have been approved by state and federal officials and the state department of public health will meet in Los Angeles next month to allocate available funds for hospital districts, which includes $2,500,000 from the federal government to be matched by state and local funds.

Since the allocations are to be made on a priority need basis, this district is expected to obtain the $274,500 applied for and which state officials apparently favor.

War on Porcupines Called by Ranger

Forest officers in the Truckee-Tahoe area are mapping plans to exterminate enough porcupines to bring them under control, E. E. Boehm, Tahoe National Forest ranger, this week announced.

Boehm said that the animals have increased to a point where many young trees are being destroyed in the region. The porcupines, he said, chew a ring around the tree about ten feet from the top, causing it to die or become disfigured. Twenty five per cent of the trees in some areas are affected, he added.

Boehm believes the increase in the porcupine population is based on an old but erroneous belief that because they may be killed with a stick by people lost in the woods and cannot be shot and he urged that sportsmen's clubs and individuals assist in the campaign to bring them under control and thus save many young pine trees.

The body of Leland S. Blackwell, 49, a representative for a Chicago clearing house concern with his headquarters in Portland, Oregon, was found in his automobile parked under a tree just west of Cisco this morning. A hose led from the car's exhaust into the car and Deputy Coroner N. F. Dolley, who was called to take charge of the body, said it was evidently a suicide.

Bond Issue For School Carries By Big Margin

Truckee Votes 260 to 35; Other Precincts Are Strongly in Favor

By an overwhelming majority of 488 to 118, the voters of the Tahoe Truckee Joint Unified School District Tuesday approved a $750,000 bond issue to provide the district with a modern junior high and high school plant a mile and a half west of Truckee just south of Highway 40. The majority was approximately 80 per cent of the 606 votes cast.

Everett O'Rourke, superintendent of the district, said the governing board, headed by W. A. Loynd of Truckee, proposes to have the building ready for occupancy by the time school takes up early in September of 1950.

Each of the five separate precincts in the district gave the proposition the necessary two-thirds votes with the exception of Donner Trails where the count was 28 for and 26 against the bonds.

In Truckee 260 voted for the bonds and 35 against them, while at Kings Beach the vote was 99 to 25 and Tahoe City gave the bonds a vote of 96 to 30. Floriston voted 5 to 2 in favor.

The figures are unofficial and will be canvassed later by the board of trustees.

The $750,000 worth of bonds will be retired at the rate of $37,000 annually and will bear interest not to exceed 5 per cent.

Appreciates Support

Commenting on the outcome of the election, W. A. Loynd, president of the governing board, expressed the appreciation of the trustees and other school officials for the support given throughout the district.

"It is noteworthy that four of the five precincts gave the proposition more than the required two-thirds majority," Loynd said. "This vote again indicates a strong desire of the people for an improved educational system and it will be our aim to justify the confidence placed in us by providing the district with every facility possible to achieve this end."

Text of his interesting half hour talk was Early Days at Tahoe. Much humorous as well as enlightening and historical information came as a result of his talk. Running true to form, there were as many visitors as members present.

Thursday, August 11, at Carson City the North Tahoe Softball team lost the tough, hard fought game to the Nevada Highway Department team with a score of 5 to 4 and retreated into second place in the last half of league games.

A few Tahoeites journey to Carson City Saturday with Mrs. Emma Cope of Kings Beach to see the caravan of aged automobiles. Some of those cars were, in appearance, much more brothers of the old time buggy than ancestors of the modern automobile. The 1907 Brush is a sparkling, shiny vehicle of beauty with its chain drve. Those gay boys and girls of 45 years ago must have been mighty proud of those horseless carriages. The band which led the parade was superb.

"Miss Ann" Blaue was pleasantly surprised when a nephew of hers, Eugene Rice of Lawrence, Kansas, with his wife and accompanied by friends, Mr. and Mrs. Don Silkey also of Lawrence, dropped in for an over night visit last week on their way to Los Angeles to visit other relatives. Last Saturday another friend of Miss Ann's, a Mrs. Schultz of Hollywood, with her son and daughter stopped by to say hello and then continued on to Canada for a vacation.

Tahoe Tavern Plans Winter Season

TAHOE CITY— Albert Ichelson of Tahoe Tavern this week revealed that the Tavern would open its doors for the winter season December 23. The last year that resort remained open was in the winter of 1931-32.

Negotiations are under way with Alexander Cushing of the Squaw Valley Development Company to provide housing for the winter sports fans anticipated from all parts of the world this fall following completion of the lodge at Squaw Valley, work on which is well ahead of schedule.

With Southern Pacific and bus lines sending in their Snow Ball Specials to Truckee, there is no doubt that Lake Tahoe will again form the hub for a good old fashioned winter sports season.

Nevada County Fair Opens August 25th; To Be "Biggest, Best"

GRASS VALLEY— One of the biggest events to take place in Nevada County is only a few days away. It is the Nevada County Fair, scheduled for a run of four days at (August 25 thru 28) at Watt Park in Grass Valley.

No stone has been left unturned to make this 1949 attraction the biggest in the history of the county. Manager Loyle Freeman, in association with the directors of the 17th District Agricultural Association, has gone all out in the way of entertainment. To start the ball rolling, a 12 act vaudeville revue has been booked as a free attraction which will be presented from the grandstand. This booking includes acts ranging from song and dance type to high aerial, trapeze, instrumental, comedy and acrobats. Special scenic and lighting effects will be brought directly from Hollywood for this presentation.

Another important feature in the entertainment field is the booking of the internationally famous Levi's Puppet Roedo. This outstanding attraction enjoyed a two year run at the Golden Gate Exposition. These are only two of the many entertainment innovations that have been booked for the 1949 Nevada County Fair. Many more surprises are in store for visitors.

Entertainment plays only a part in making a fair a success. It mus be rounded out with exhibits in agriculture, horticulture, home economics, livestock and numerous other dvisions where the individual or groups may take part.

In the case of the 1949 Nevada County Fair, the county fair board has never before experienced such an influx of entries. Commericial and industrial exhibits have practically doubled anything experienced in past years and there are still more to come.

All in all, visitors to the Nevada County Fair this year are assured an attraction that in every respect will surpass anything previously offered in the county.

Nevada Farm Youth Wind Up Season at Camp at Lake Tahoe

Nearly 400 4-H Club boys and girls are back in their rural homes this week with bright memories of their recent outing at the Nevada State 4-H camp at Lake Tahoe.

The total which enjoyed the affair this year runs to almost one-third of all Four-Aitchers in Nevada.

At the first camp for the older boys and girls, 163 were registered while at the second camp, especially for the younger 4-H members, the registration was 228. In addition were many local leaders and extension agents from the various counties, as well as state extension workers.

The camp was one of the best in recent years, Paul L. Maloney, camp director, said this week. Maloney is assistant director of junior extension work of the University of Nevada agricultural extension service, which sponsors 4-H activities.

With a let down from the chores of farm and farm home as the objective, the camp featured organized recreation, a few classes and practice in self government.

Under the direction of Four-Aitchers chosen by themselves, the boys and girls made and enforced camp regulations.

State 4-H officers were in charge of the senior camp while a council was elected to head the junior outing government.

During the first outing the boys and girls dedicated the new 150 foot camp pier, more than half the money for which they raised themselves.

Varied Outdoor Program Featured at Boy Scout Camp in Summit Area

Two hundred and seventy seven boy-weeks of camping was the achievement of the Tahoe Area Council, Boy Scouts of America at Camp Pahatsi near Soda Springs this summer, according to Scout Executive Raymond Ewan, who served as camp director.

The season, which started on July 5 with a group of senior scouts in camp for the first week preparing the camp for occupancy and laying out hiking and 3-day camping trails, ran for four weeks this year.

A program of scout advancement, hiking, pack trips, waterfront activities, handicraft, archery, rifle instruction, fishing trips to the royal gorge of the Ameridan River, primitive camp training, honor belt awards and Tribe of Pahatsi activities were offered to the Scouts attending.

Improving Water Service

Water for general use such as for drinking, washing, etc., is so common place that thought is seldom given it. An ample supply is usually available at the mere turn of a faucet. It is only when something unusual, such as a heavy freeze or a scarcity happens that we give thought to water.

The District is constantly working to maintain adequate service under all conditions and is now spending thousands of dollars in improving its facilities.

Dollar, Kaiser Boats Eliminated By Mishaps In Tahoe Regatta

TAHOE CITY— Perfect weather prevailed for the Tahoe Yacht Club's regatta at Chambers' Lodge on Sunday with an estimated 3,000 spectators.

All were disappointed when R. Stanley Dollar's trophy winning Skip-A-Long developed gear box trouble and failed to enter the contests. While en route to the course, the valuable racer fillled with water and sank in deep water in front of the old Tahoe Pines pier. Dollar and his mechanic Ollie Meek were riding in the speedster which was being towed.

The three-ton racer, whose Allison engine developed between 1800 and 2000 horsepower, was valued at approximately $75,000. It was clocked here at 115 miles per hour and Dollar stated its greatest speed in the Detroit races was 122.4. Every possible means of salvaging the craft is being sought. Sounding instruments and an electric rake rigged up on Monday failed. Jack Lyon of Cave Rock, Tahoe Coast Guard flotilla commander, Monday drove to San Francisco to confer with Coast Guard officials in an effort to get aid for Dollar.

On Tuesday morning efforts were still continuing to find the sunken boat but if it is not found soon a new keel will be laid for an even faster Skip-A-Long at Dollar's Walnut Creek establishment, it is reported.

More Bad Luck

One of Henry J. Kaiser's new boats, Hot Metal, also had bad luck when it threw a blade that went through the bottom of the boat, tearing a four-inch hole in the flooring. They were watching for such an emergency and the boat was successfully towed into drydock at the Kaiser estate at Tahoe Pines. Last year Kaiser's Hornet went down in the lake but has since been raised and is back in operation.

Following are the orders of place and times for the various events:

115 HP and under: Wells Watkins in Little Rebel, 9:34; Bob Pattison's Little Miss VI 9:57; Bob Angell's Halo, 10:04; Brooks Walker Jr., So What, 10:13; B. Dorhmann's Miss Guided Missile, 10:34; Phil Murphy's Toss 10:46.

145 HP and under: Bill Pennington's Lightning 8:11, Randy Walker's Ranjac IV 8:19, W. C. Crockett's Sky Rocket 8:35; Albert Ichelson's Miss Pee Cee II 9:33, Watkins' Little Rebel 9:36, Pattison's Little Miss 9:40, Vernon Gallagher Jr.'s No. 12 9:54, J. Carroll Skinner's Florence M 10:35.

First places were given Dick Scott of Oakland in Little Benney in 260 cubic inch division, Ted Scripps in Sprenaloch II 260 cubic inch racing class and Bud Lampson's Pee Wee for stock boats under 260 cubic inches.

Pennington Wins Again

165 HP and under: Bill Pennington's Lightning 8:09, Carl Bechdolt Jr.'s C S Parky 8:11, Ken Scott's Scottish Chief 8:16, Walker's Ranjac IV 8:21, Chas. Mapes' Gloria M 8:24, Gallagher's No. 12 10:25.

325 HP and under: Brad Baruh's Shooting Star 7:51, Kaiser's Lemme Go First 7:59, Bechdolt's Elsie B 8:24, E. L. Oliver's Hey There IV 8:37 and Rudolph Zimmerman's Zim-A-Ru 8:38.

The handicap race was won by the team of Phil Murphy's Toss and John Metcalf's Tecelote.

Championship

The five lap Lake Tahoe championship race was won by Brad Baruh in Shooting Star in 20:42 with Carl Bechdolt Jr.'s C S Parky second in 21:08. This was the longest race of the day, going five laps over the 3½ mile course and was the only event open to non-members of the Tahoe Yacht Club. The first five races were over two laps and the handicap three laps.

The noveltu bang-and go back race went to Ted Scripps in Sprenaloch II with E. L. Oliver's Hey There III second.

Randy Walker won the Commodore's Cup with a total of 26 points.

Water Skiing

Members of water ski clubs at Escalon, Manteca and Stockton gave exhibitions with their trick riding and pyramid formations. The Escalon club's pyramid was performed by Wesley Fowler, his son Dave, and Jack Wright with Claire Fowler also a member of the team. The 360 degree circle done behind a speeding boat by Al Milner of Manteca is one of the rarest stunts on the water slats. Other from Manteca were Fred and Joe Ott, Joe Senn and Emil Milner. From Stockton came nine-year-olders Bobby Peterson and Tommy Miller, Larry Gallagher, Ethel Orsi, Charles Besotes, Hubert Miller, Elsie Courwright and four-year-old Ni Orsi Jr. and Kay Anderson and Penny Thorns, both eight years old.

One of the tricks of the trade was revealed when a Stockton club skier apparently cast aside his skis and spun along the water on his bare feet. The trick was accomplished with a pair of tennis shoes attached to a 10x8 inch board which could not be seen in flying spray.

Jake Obexer of Homewood loaned the public address equipment for the day and Brooks Walker, chairman of the regatta committee, served as announcer. Trophies were presented immediately after the races at the pier.

Officers Re-Elected

At a luncheon at Chambers' Lodge Saturday all officers of the Tahoe Yacht Club were re-elected to serve another term with R. Stanley Dollar Jr. commodore, Carl Bechdolt Jr. vice commodore, James McClatchey rear commodore, John Metcalf port captain, E. L. Oliver secretary-treasurer, J. N. Dicks assistant secretary, and Dave Chambers official starter.

Tahoe Letter

FROM SWANEE

Tahoe City, August 16

Dear Tahoeites:

The weather remains heavenly with mornings and evenings just a little on the cool side. Returned on Sunday from Reno after having spent five days there. The road home is still beautiful although the brown-centered sun flower and golden rod have replaced the yellow wyethia and purple lupin. Already Autumn's wand is touching the chokecherry and willow with heavenly reds and yellows and in the air is the promise of fall.

Clarence Vernon this week says that about 50 per cent of the qualified electors signed a petition asking that immediate steps be taken to install adequate sewer facilities for the business section of Tahoe City. At a meeting held Saturday night, Vernon was appointed to contact the engineer, L. C. MacAbee, who is in charge of the Kings Beach sewage project, to ask him to make the necessary surveys here. T. L. Chamberlain, Auburn attorney, is to draw up an agreement covering the method of payment for his services and will also contact the government reclamation bureau to secure a lease on the 400 foot strip of property on the highway near the old CCC camp near the wye, deemed the most suitable location for the plant available in the area. Sewer pipes will probably be laid at the back of the lots near the golf links. The business section will be taken care of first, with the residential section to be served as soon as financially feasible.

Plans for the Women's Club of Tahoe's special Imogene Wittsche card party on August 18 are complete and a large attendance is expected. A luncheon will precede the party at Homewood Resort and contract, auction and pinochle will be enjoyed in the hotel lobby, loaned for the occasion by the co-operative owner, Don Huff. Mrs. Everett O'Rourke, who is chairman of the party for the little girl, reports that very good response has been noted in filling the jars tied with yellow ribbons left at the various stores of the area which will go toward the check to be sent Imogene. Local merchants have been most generous in donating awards and Tahoe City Bakery is baking a beautiful cake to be given away.

My good neighbor, Mrs. Lucille Cross, is home again and wearing a brace which is not too comfortable. She is not too well yet but is pleased to have a year's respite before surgery is performed.

Kjell (Rusty) Rustad is recuperating from a broken left leg, sustained in a boting accident last week.

Bid you all adieu for the week with best wishes, as ever,

Swanee

My Place In the Sun

by DOUG BARRETT

Old timers around here will remember Ethel McBride and Laurena Baker of Venture who visited here this week.....They are better remembered as the Marzen sisters.....whose father was a pioneer Truckee butcher, Joseph Marzen .....and they used to live where the Harold Langilles do now..... Wright I. Bovee and the missus are also visiting this week.....He was a teacher in the high school here 12 years ago and is now teaching in Oakdale.....and was quite interested in the now assured new high school.....and incidentally is celebrating his birthday today.....Bud Fisher of the California Cafe combines business with his hobby.....by decorating the restaurant with landscape pantings he has done in his spare time....."Swing your partner" was the cry of the evening at Ice Lakes Chalet as Mrs. Bob Luck called the turns of the old square dances at the Rotary Club ladies night.....The barbecued chicken (a la Rutherford), steaks, salads and all the other good dishes were needed to sustain the dancers through the vigorous rhythm .....State Trapper Gil Berg recently got a package through the mail that didn't need to be "opened for postal inspection"..... It was essence of skunk and a couple of drops leaked out.....That song is ended but the memory lingers on.....Wanda Todd looks right nice in her white uniform..... as she heads for Goodfellows Coffee Shop to give service with a winning smile.....Ruth Graham, with sons George and Loren, up from Sacramento this week..... and torn between her former home towns, Placerville and Truckee at the ball game Sunday .....Likewise B. W. (The Great Sarge) Reynolds.....Incidentally, Ruth went to high school with Truckee's ace outfielder, Ray Lujan, and says his ball playing is as good as ever.....Mary Zunino's take off on Umpire Fisher was both accurate and amusing .....William August is the name chosen after due deliberation for the son and heir of August and Louise Sassarini after his arrival last week.....Iris Tackett drawing compliments on the dainty ear bobs she was wearing behind the counter at Truckee Merc.....Alvah Hooper, the county coroner, over on business this week, tells me that Truckee, to the best of his knowledge, had the first hung coroner's jury in the state..... and some time back had the first coroner's jury on which a woman served.....Bonnie Costa and her equally good looking daughter in the post office picking up her mail.....

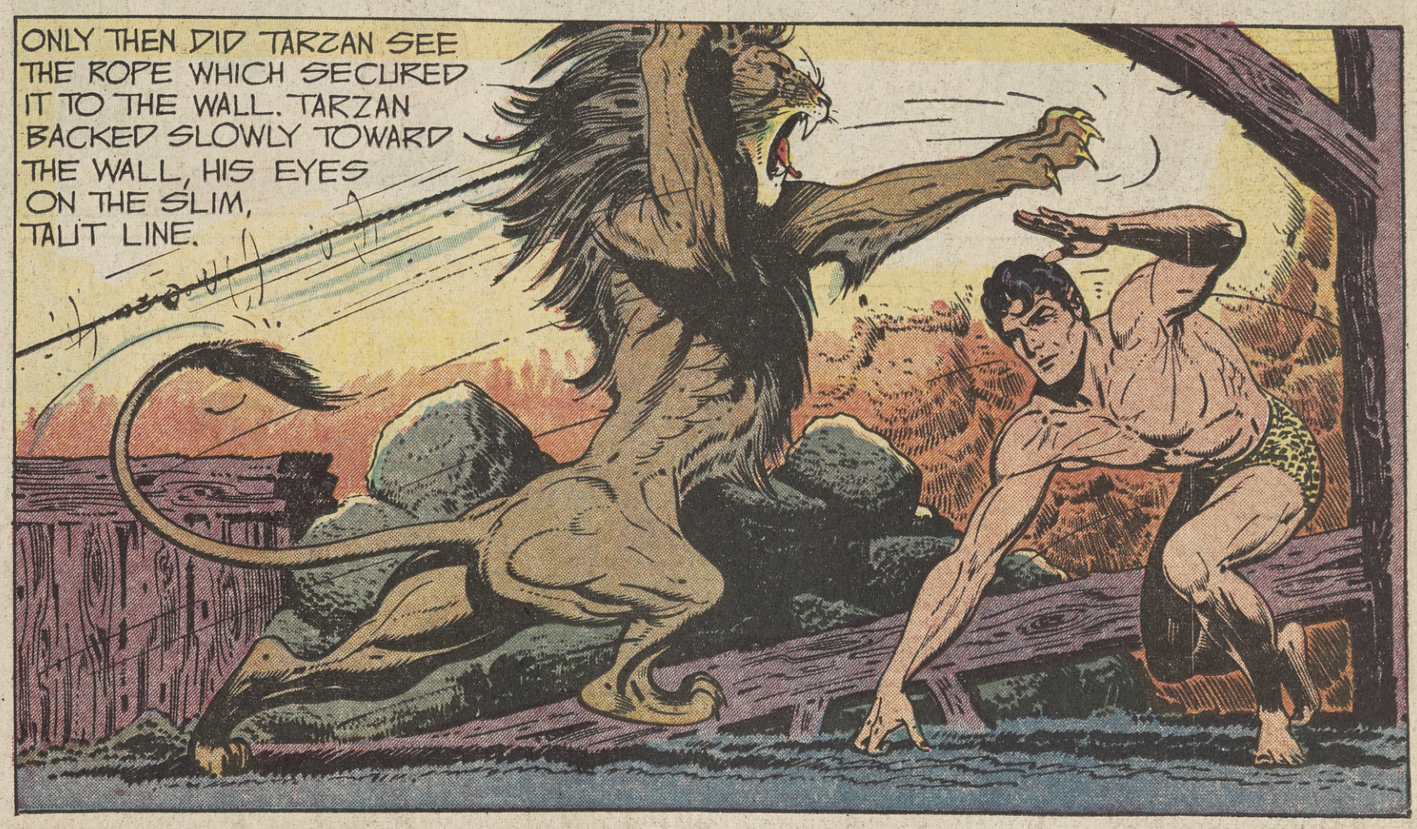
by EDGAR RICE BURROUGHS

THE GREAT BEAST SETTLED HIMSELF. THEN, SUDDENLY, WITH A THUNDEROUS ROAR, HE SPRANG ACROSS THE CHAMBER. IN MID-LEAP THE CARNIVORE WAS JERKED BACK UPON ITS HIND LEGS.



ONLY THEN DID TARZAN SEE THE ROPE WHICH SECURED IT TO THE WALL. TARZAN BACKED SLOWLY TOWARD THE WALL, HIS EYES ON THE SLIM, TAUT LINE.
